{PHB Rx Ultra Suave®}

The toothbrush designed for delicate tissue!

Periodontal Disease Oral Surgery Post-Operative Care
Oncology Chemotherapy Radiation Implantation

What makes the Rx Ultra Suave so Special?

The PHB Ultra Suave is manufactured with .003 end rounded nylon filament. Softer nylon minimizes trauma, stimulates tissue and provides cleaning in areas that would normally be passed over as too delicate to clean. Brushes are available in both the original slender handle or the "Elite" pearlized handles. The color of the brush indicates the bristle trim length:

- Red** (.437 trim length) Longest, softest bristles for highest sensitivity
- Orange** (.397 trim length) Slightly shorter bristles, as healing occurs
- Yellow** (.357 trim length) Progressively shorter
- Blue** (.317) Shortest bristles, for use before returning to normal routine
- Petite Size** (.437) Available in Original Yellow Slender Handle only

PHB Rx Ultra Suave: 87¢ each, Min. Quantity 36

PHB Rx Ultra Suave Elite: 89¢ each, Min. Quantity 36

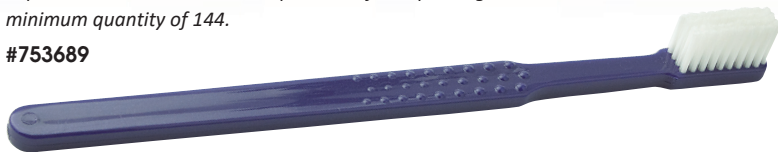

{Adult Toothbrushes}
