

NEW IN 2020 REUSABLE CURTAINS

Speed. Convenience. Infection Prevention.

Rapid Refresh™ | Privacy Curtains

Change curtains in just 30 seconds and increase compliance while leading to an overall safer environment for the healthcare workers and their patients.

Why Rapid Refresh Privacy Curtains?

- Curtains can be changed in 30 seconds
- Time Strip Label and Curtain App make managing your curtain changes quick and easy
- No Mesh
- Eliminates the need for ladders
- Compatible with existing track and hooks
- Panels easily snap together for complete coverage and privacy
- Rapid Refresh Disposable and Reusable Curtains color coordinate
- Proven to be ergonomically better for healthcare employees
- Elimination of cleaning/laundry and transportation costs with disposables
- Turn rooms and bays over faster
- Multiple rod lengths for uniform look from a 7' ceiling to a 12' ceiling
- Reduction in curtain SKUs to one
- NFPA 701 Tested

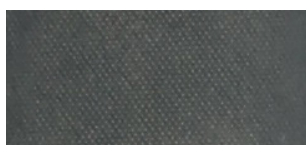

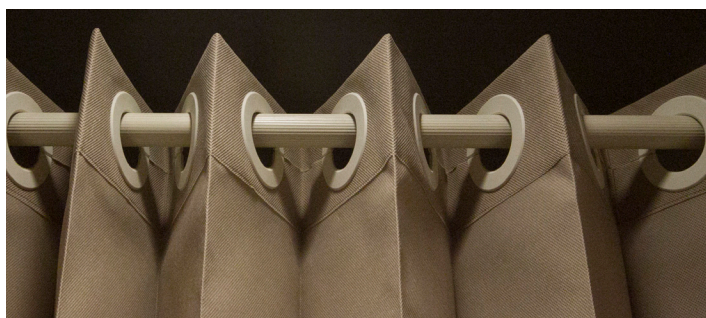

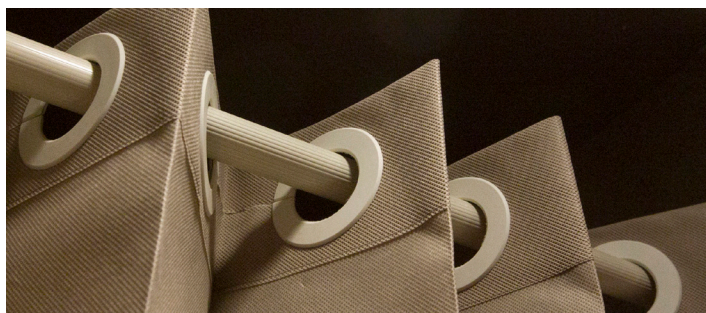

Rapid Refresh™ | Shower Curtains

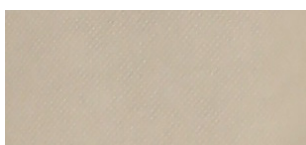

Our shower curtains support infection prevention protocol and are easy to remove and replace with no need for ladders or special tools.

Shower Curtains

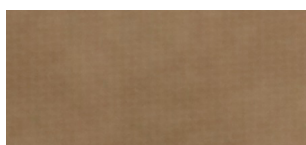

- Shower Curtains can hang on shower rods or standard curtain track
- Can be cut to custom fit to length of your space
- Colors are complementary to the Rapid Refresh Privacy Curtain Line

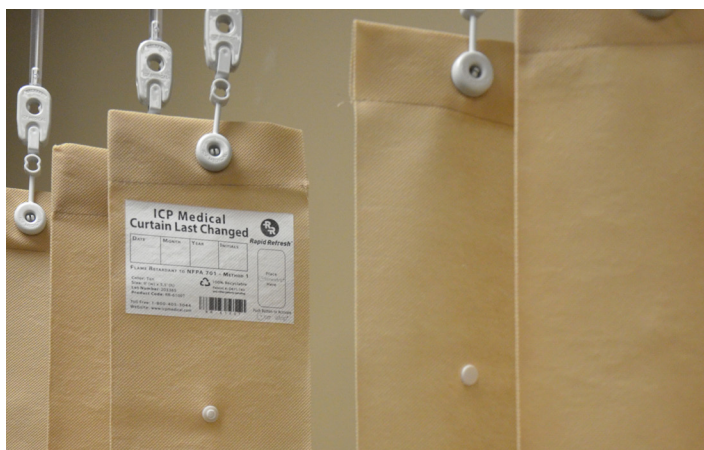

RR-6400DG (Dark Grey)

RR-6400G (Light Grey)

RR-6400T (Tan)

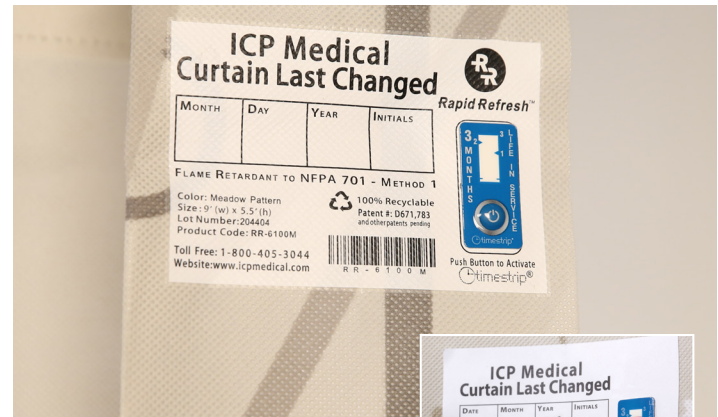

Rapid Refresh™ | Privacy Curtains

Designed to help EVS gain back time by quickly changing curtains and documenting it for your protocol.

ICP Medical Timestrip® Technology

- Easy to see date of curtain installation
- Helps monitor how long a curtain has been hanging from 1 to 6 months
- The indicator, when completely red, visually alerts healthcare workers to change the curtain
- Timestrip® technology available on disposable curtains
- Bar Codes available on all curtains

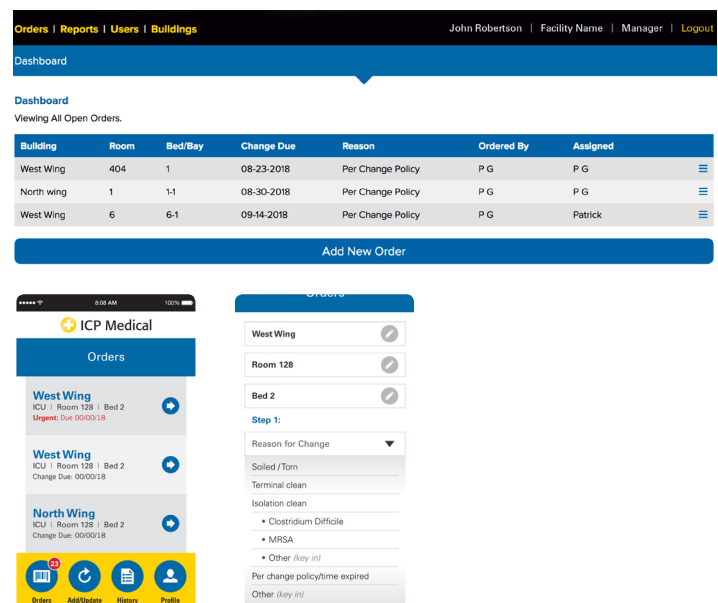

The ICP Medical Curtain Change Management System (CCMS) App

- Easy-to-use step-by-step process on Technician mobile device
- Real-time reporting
- Easy to manage curtain change policy by building or department
- Easy-to-read Dashboard for managers to quickly review work-flow
- RFID chip and a barcode on the label make it easy to scan and track the curtain. RFID chip available only on reusable curtains
- Available at the App Store and Google Play

The result:

- Makes tracking of curtain changes easier
- Quick way to identify curtains in or out of compliance with hospital protocol

Rapid Refresh™ | Privacy Curtains

Rapid Refresh™ Curtains can be changed in as little as 30 seconds. The patented release mechanism allows the curtain to be changed without the need for a ladder reducing the threat of falls, increasing the speed of a room cleaning and increasing compliance.

1 Open new curtain package at perforation.

2 Remove loose key from package.

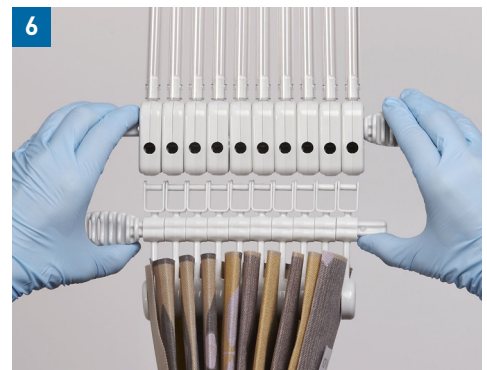

3 Gather old curtain and insert key through upper holes.

4 Turn key toward you to release curtain.

5 Discard old curtain.

6 Line up new curtain with rod assembly and click into place.

7 Remove and discard both keys.

8 Remove plastic sleeve and band from new curtain.

9 Open new curtain and activate Timestrip®.

Timestrip® is a registered trademark of Timestrip UK Ltd.
